

Mayor's Message: Lehi Round-Up Celebration!

I want to encourage all to attend and participate in the 2012 Round-Up Rodeo and Celebration! If you are new to the community, I hope you'll take the opportunity to explore and enjoy the many different events and activities offered during the week. As you do so, I believe you'll come to find, as our residents already know, just how special and unique our city truly is.

I am very excited to announce as part of the Rodeo's 75th anniversary celebration we will host an old fashioned cattle drive which will take place right down Main Street! Governor Herbert is even taking part in this special occasion! The details for this event and all other Round-Up events can be found below. Also, please visit the website at www.lehi-ut.gov/roundup for the most up to date information.

I also want to thank all the individuals that volunteer their time and talents to make our hometown celebration great each year! Please participate and enjoy this year's Round Up events as we celebrate "75 years of Kids, Cowboys, and Fun"!

-Mayor Bert Wilson

The library will close early at 5 p.m. for Lehi Round-Up week from June 27-29. The library will be closed all day on Saturday, June 30 for inventory.

SHARP Award Presented to Lehi Fire

The Lehi City Fire Department underwent a review by the Utah OSHA Public Sector Consultation in 2011 and 2012 following the city's application to receive the Safety and Health Achievement Recognition Program (SHARP) award. The Lehi Fire Department passed with flying colors and is the first public employer in Utah to receive the SHARP award for both fire stations #81 and #82.

The SHARP award is recognition given to small employers and public employers who pass a rigorous review of workplace safety and health programs and activities. Utah State Labor Commissioner, Sherrie Hayashi said that "it's hard to explain that it's not just a simple award, it is recognition for an exemplary health and safety program." These employers place their employee's health and well-being as the priority for their business. They have a culture of safety that permeates their organization from top management to front-line employees. The SHARP program recognizes these employers as the best of the best. There are currently only 8 private employers in Utah that have earned the SHARP award. The Lehi City Fire Department is the first public employer to receive this recognition in Utah.

Lehi City has had a Fire Department since 1901. The original department was entirely volunteer. As of the 2010 census, Lehi was home to 47,407 individuals in 11,349 households. In order to protect the city's businesses and residents from fire and emergency medical events, Lehi has recognized the rapid growth and are striving to keep up with it through continuous training and proactive relationships. Lehi City now has two fire stations, staffed with professional fire fighters and paramedic response ambulances 24 hours a day, 7 days per week. Lehi City Fire Department has continued to strive for excellence through maintaining the highest certifications through state and national agencies.
